RAPID X PTS

FIRST RESPONDER SIGNAL

Start stopping traffic in one minute.

YOUR FIRST LINE OF DEFENSE.

Designed for mobility and ease of use, the Rapid X Portable Signal System will signalize a standard 4-approach intersection. The system deploys easily with one person, and provides up to 5 days of autonomous run-time. The controller allows for 2 or 4 phase operations with easily adjustable times. The signal heads are standard 12" LED. When fully deployed the system is 12' for max visibility.
