# Solutions

## VERSA-MAST<sup>TM</sup>

- **PORTABLE ITS MESSAGE & WIRELESS VIDEO**  
*working with your Traffic Control Center!*
- **OR PORTABLE TRAFFIC SIGNALS**

### A TRULY MULTI-PURPOSE SYSTEM

Who would have thought that a portable traffic trailer could support not only a PTZ camera at 35' but also a 40 X 70 message board mounted 14 ft. above the roadway, both communicating using NTCIP protocols to your Traffic Control Center?

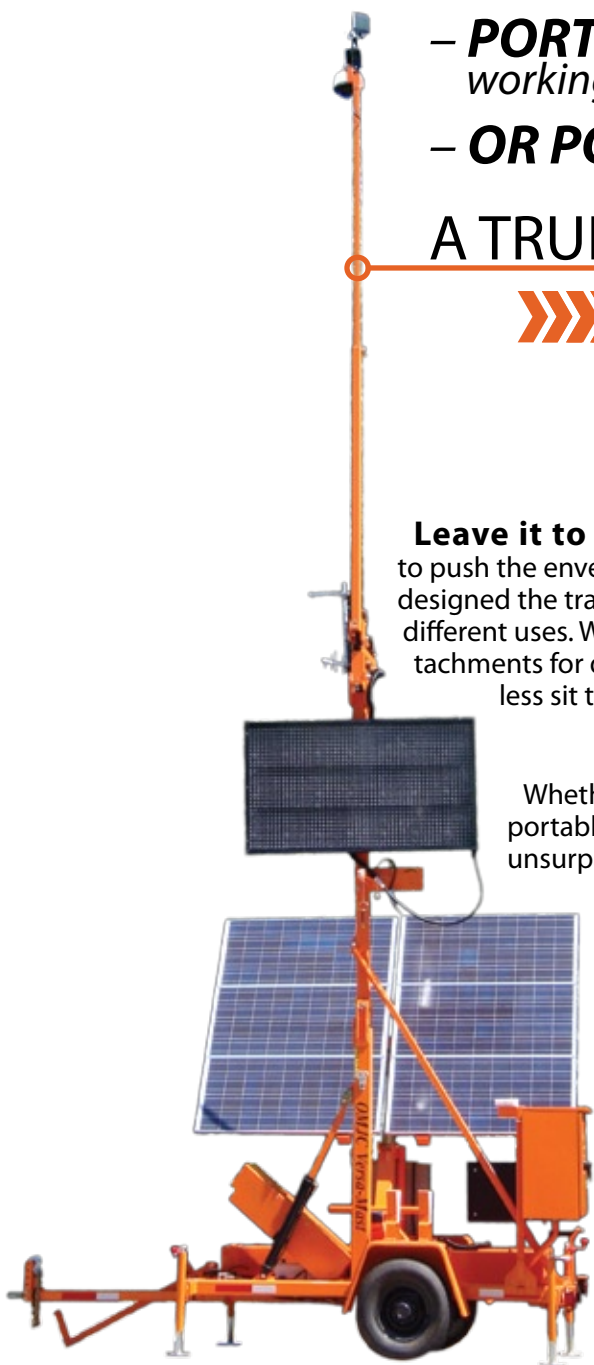

#### Leave it to OMJC

to push the envelope and go beyond the known limit. We designed the trailer not for just a single purpose but for many different uses. We give you optional functions and multiple attachments for different types of uses and deployments. With less sit time you get more value!

Whether portable message and wireless video or portable traffic signals, this trailer can do both jobs for you, unsurpassed in its versatility.

With OMJC's high quality chassis, no fuss long life AGM batteries, 720 watts of solar, you find the muscle and stamina you would only hope for.

**AT OMJC, WE TRY TO EXCEED YOUR EXPECTATIONS, AND EARN THE RIGHT TO BECOME YOUR FUTURE SUPPLIER.**

*Who says you need to wait on permanent signals to reduce congestion?*
